Dedicated with love to **Kori Hong**

Kori Hong was a valuable part of the Class of 2005 at North Andover High School. He was a wonderful student, band member, tennis player, friend, brother and son. He was a special part of many people's lives. He brought joy and warmth to those he knew, and he taught the rest of us how to live life. His strength and composure make him a role model to us all. Though this page can not do justice to such a precious life, the Class of 2005 would like to extend our deepest thoughts and wishes to Kori and his family. We hope to honor him through this dedication. Kori will be missed and remembered forever.

Everybody loves a hero. People line up for them, cheer for them, scream their names. And, years later tell how they stood for hours in the cold rain just to catch a glimpse of the one who taught them to hold on a second longer. I believe there's a hero in all of us who keeps us honest, gives us strength, makes us noble, and finally allows us to die with pride, even though sometimes we have to be steady, and give up the thing we want the most. Even our dreams.

- "Spider Man 2"

"There you'll be"
by Faith Hill

"When I think back
On these times
And the dreams
We left behind
I'll be glad 'cause
I was blessed to get
To have you in my life
When I look back
On these days
I'll look and see your face
You were right there for me

In my dreams
I'll always see you soar
Above the sky
In my heart
There will always be a place
For you for all my life
I'll keep a part
Of you with me
And everywhere I am
There you'll be"

"I won't give up. I will never lose the will to keep on fighting. The fight in me is strong, and I will live as long as I fight."
-Kori Hong

Nothing I write here could ever do justice to my memory of Kori, so I don't really have much to write. All I have to say is that he was honestly one of the best people I have ever known and despite the pain of losing him, I'm extremely thankful for being able to have known him. He was kind, faithful, funny and loving, and I will never forget the way he made me smile or the way he took care of me. I loved him and still love him deeply. I'll carry him around with me in my heart always and hold onto our memories. To his family: I love you so much and I hope you're all a part of my life forever. You don't know how special you are to me. Kori Hyuntaek Hong & family- Saranghae.

Love always,
Sungmi (Sarah Yun)

Friends

In first grade your idea of a good friend was the one who let you have the red crayon, when all that was left was the ugly black one.

In second grade your idea of a good friend was the person who helped you stand up to the class bully.

In third grade your idea of a good friend was the person who shared their lunch with you when you forgot yours on the bus.

In fourth grade your idea of a good friend was the person who was willing to switch square dancing partners in gym so you wouldn't have to do-si-do with nasty Nick or stank Susan.

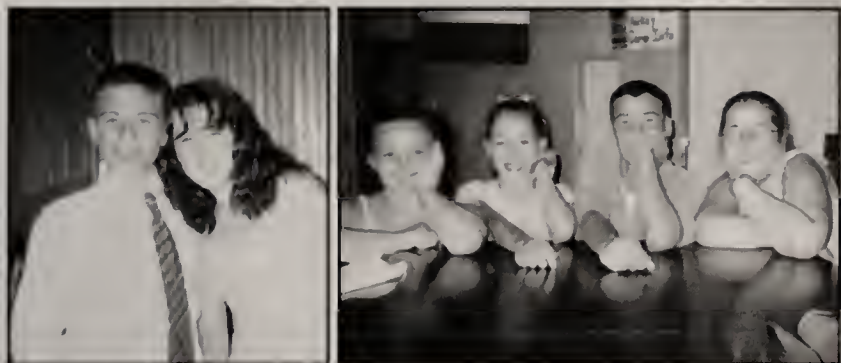

In fifth grade your idea of a good friend was the person who saved a seat for you on the back of the bus.

In sixth grade your idea of a good friend was the person who went up to Nick or Susan, your new crush, and asked them to dance with you, so that if they said no, you wouldn't feel embarrassed.

In seventh grade your idea of a good friend was the person who let you copy their social studies homework the night before it was due.

In ninth grade your idea of a good friend was the person who went to that "cool" party thrown by a senior so you wouldn't wind up being the only freshman there.

In the eleventh grade your idea of a good friend was the person who gave you rides in their new car, convinced your parents that you shouldn't be grounded, consoled you when you broke up with Nick or Susan, and found you a date to the prom.

At graduation your idea of a good friend was the person who was crying on the inside but managed the biggest smile one could give as they congratulated you.

In eighth grade your idea of a good friend was the person who helped you pack up your stuffed animals and old baseball cards so that your room would be a "high schooler's" room, but didn't laugh at you when you finished and broke out into tears.

In tenth grade your idea of a good friend was the person who changed their schedule just so you would have someone to sit next to at lunch.

In twelfth grade your idea of a good friend was the person who helped you pick out a college, assured you that you would get into that college, and helped you deal with your parents who were having a hard time adjusting to the idea of letting you go.

The summer after twelfth grade your idea of a good friend was the person who helped you clean up the bottles from that party, helped you sneak out of the house when you couldn't deal with your parents, assured you that you and Nick or Susan were still together and you could make it through anything, helped you pack for college and silently hugged you as you looked through blurry eyes at 18 years of memories you were leaving behind. And finally, on those last few days of childhood, came over to send you off with a hug, lots of memories and reassurance that you would make it in college, and most importantly, to send you off to college knowing you were loved.

Celebrate Good Times

Theme Explanation

The theme of the 2005 North Andover High School Yearbook is "Celebrate Good Times." The song "Celebration" by Kool & The Gang offers lyrics that truly embody the spirit of our class. Many of our memorable experiences have been expressed by song lyrics throughout the book. '05 has worked hard for four years, but we've always known how to "celebrate and have a good time!"

1st Annual Homecoming

October 12th, 2004

The 1st Annual Homecoming was a day of sporting events for all fall sports teams, beginning with a cross country meet at 10 am and ending with a football game against Wilmington and a school wide dance at night. Our new stadium, named after Joe Walsh, was dedicated before the game and the homecoming nominees were announced. Throughout the day, t-shirts were sold and balloons were given away, along with free dunkin donuts coffee. The event raised money for the athletic department and was a great way to boost school spirit and strengthen our community!

Homecoming Dance

After a few years of weak dances and little support for the idea of Homecoming, the class officers of 2005 worked hard to pull off a successful dance after our home football game. Students from all grades showed up to vote for the homecoming king and queen and dance the night away! At the end of the night Elida Cristaldi and Bobby Holland were crowned the class of '05 Homecoming King and Queen!

The pep rally was a huge success involving over 70 school spirited juniors and seniors. With performances at the beginning by the new Step Team and Cheerleaders, followed by dance routines to songs like "I Wanna Dance with Somebody", "Thriller" and the crowd-pleasing all boys dance "It's Raining Men", the rally certainly gained support for our school! With surprise appearances by Superintendent Hartunian, Mr. Humpreys, Mr. Gilligan and Mr. Strobel, along with a new and improved skit, this year's pep rally is sure to be remembered in years to come!

Advisory

Advisory is a program that provides a time-out during the academic school day. It enables faculty leaders and students to get to know each other well so students can make the most of their experiences as members of the NAHS community. Small groups meet once per seven day cycle in place of directed study to participate in activities such as team building and problem solving, field trips, discussion of personal, school-wide, local, and global issues, goal setting for academic and social success, celebrations, and opportunities for building connections to the community.

Concert Choir

The eighty voice concert choir is choral music's largest ensemble at NAHS. The ensemble sings many times throughout the school year, performing a variety of vocal music from classical to jazz and contemporary music. Its members participate in a number of music festivals and with other vocal ensembles - the Northeast District Junior and Senior Festivals, All State and All New England Honors Choirs, and with the New England Classical Singers. Many members take Honors Choir, an advanced level course that requires preparation and performance of solo and small ensemble literature and private studio voice instruction.

This year the group is led by senior Shevangi Lohia and junior Jamie Crosby and is advised by Ms. Pellerin.

Drama Guild

The NAHS Drama Guild is involved in three major productions each year. This year started with the eleventh annual Shakespearean production of the comedy, *A Midsummer Night's Dream*, directed by members of the illustrious Shakespeare and Company. Cast and crew from all grades inaugurated our new auditorium with this play, our first student production to be performed in the new building. They also performed the play in Lenox, Massachusetts at the Shakespeare Fall Festival and recieved no less than three standing ovations during the show. This year will also include Roger and Hammerstein's musical *Cinderella*, the first musical to be performed in the new school, as well as a student written and directed one act play in the spring.

Multicultural Club

The North Andover Multicultural Club; a student run, student led group, is open to all students who are interested in learning about diversity, interested in promoting understanding of different cultures, and in promoting unity within our school. Through discussions and activities the club promotes understanding and acceptance of different cultures and heritages. The members discuss contemporary issues, participate in community service activities, and organize events and activities to promote diversity. The club is a great way to meet new people and learn about diverse backgrounds, heritages, and cultures.

Multimedia Club

"CAM Club" participants learn the skills in video production while providing a vital service to the local community by collaborating with North Andover Community Access and Media (CAM) on a number of levels, including group projects such as video taping sporting and school events as well as producing individual or small team projects (enabling an outlet for self-expression). Other tasks include submitting updates and photos to the club's own page on the North Andover CAM website. It's a great way to show our neighbors in North Andover all the great things teens do in this community! All programs air on Educational channel 10, Public Access channel 22, or Government channel 8 throughout the town of North Andover.

PATHWAYS

The PATHWAYS School-to-Career Program offers students the opportunity to explore vocational opportunities in a community-based way. Our Career Counselor, Mrs. Pam Mesquita, guides students through the career exploration process. Students are involved in mentoring opportunities, internships, job shadows, in-school employment training and part-time competitive employment. Vocational counseling and post high school planning prepares students for life after graduation. Many students take advantage of work-study positions, which provide on-the-job training. The PATHWAYS Business/Education Partnership includes over 400 local businesses and resources. PATHWAYS participants develop the excellent work ethics and the practical skills necessary for success in the workplace.

Pep Band

This is the Pep Band's third year, and we are still running strong. David Schmidt and Alex Sciolla lead this group of about twenty people, who play at girl's and boy's varsity home games. The band played at many games, bringing tumultuous fun to the courts with their quick stand tunes. We would like to thank the players, coaches, and fans who support us and let us continue to create a little chaos on the courts for another year.

The club meets bi-monthly and has approximately twenty-five students.

Spirit Club

The Spirit Club is run under the leadership of co-advisors Ms. Colantonio and Ms. Pellerin. This year the group completely abandoned the old "playbook" theme and went with something new for the 2004 Pep Rally. With the help of scriptwriter Dan Norman, the performance revolved around the football players "Getting Their Groove Back." The distraught team didn't know where to turn for help, but with the girls' support, the football players were confident enough to get back on the field and they did in fact get their groove back. "U Can't Touch This" ended this year's performance, and they didn't even have to act out the final play as they had done in years past! The artistic performance was an overwhelming success. Special thanks goes out to everyone who made it all possible.

The Wall

North Andover High School's student newspaper, The Wall, has enjoyed a successful year. Sponsored by the North Andover Citizen, The Wall reached the school and the entire North Andover community with school news, editorials, sports, and much more. Editor-in-Chief Dana Svendsen, editors Rachel Morrison, Katie Traverso, Sam Zelitch, John Wentworth, Ashna Kathuria, and Tim Smith, along with meeting corrodinator Claudia Hauapaya and photographer Jen Sachs, and the entire staff thank faculty advisor Frau Gerland and all readers for their support.

Marching Band

Under the direction of Mr. Patrick Cotter the NAHS Marching and Concert Bands have successfully completed yet another spectacular season. Now with over 140 members, this group has evolved into a defining symbol of NAHS. The bands half-time show, *The Music of John Barnes Chance*, was a huge success at football games and earned the group a bronze medal at the MICCA State Finals last year.

The band continued to rehearse challenging concert repertoire through the winter and spring semesters including *Mars*, from *The Planets*, by Gustav Holst, and *Three Places in England*, by Jack Stamp. With an ever-increasing enrollment, they reached a new level of achievement.

Congratulations to all senior musicians and good luck with all your future music endeavors!

Student Council

Student Council is the student government of NAHS. Executive officers include President Dominique Marro, Vice President Leah Kramer, Secretaries Sarah Tomasz and Danielle Desmond, and Treasurer Kyle DelPaggio. These officers and the class officers represent the student body at weekly meetings of the Student Council General Assembly, monthly meetings with the administration, and quarterly meetings with the superintendent of schools.

Student Council performs a variety of service projects that benefit not only the North Andover community, but the world. In October, it raised \$2,050 for UNICEF. In addition to providing tours for parents and prospective students, Student Council managed a school-wide Toys for Tots campaign and ran a Halloween costume contest. Student Council also produced its annual NAHS Spring Talent Show, where North Andover's most gifted young artists are given an opportunity to perform for their peers and teachers. The Student Council thanks its advisor, Mrs. Diane Bassett, for her continued guidance and support.

When we first volunteered to be part of our high school yearbook, we had no idea what to expect. Now, looking back on all we've done we realize we never could have imagined how much time and energy it takes for four senior girls, with the help of three juniors and one fabulous advisor, to create an entire yearbook for a deserving class.

We began preparing for this book junior year when we created the senior packet to give out the following September. We chose everything from what superlatives to use to what things we could add to make this book "unique". In the summer, we attended a yearbook workshop together where we designed a cover, chose a theme and learned how to use the yearbook software. On the first day of senior year, work began as we gave out the senior packets to the class of '05, collected pictures and created layouts. We agreed that we wanted this book to be different from any other NAHS yearbook. Our layouts for various pages were created by us, not just computer generated. When it began to take hours to do one page, we questioned whether our effort was worth it. There were numerous arguments about even the smallest details. However, we knew we wanted to be proud of this book. We never wanted to look back and think about what we could have done better. None of us consider ourselves artists, nor technologically advanced when it comes to creating yearbooks, however what you see is a true reflection of the best work we could possibly do during our hectic senior year.

As we reflect back on the whole process, we realize how much we got to know everyone in our class through photos and responses to the questions in the packets. Thank you so much to everyone who took the time and energy to gather pictures and write meaningful responses to the questions we asked. It was incredibly helpful and made our job much more fun. We especially hope you enjoy some of the new things we added to the yearbook, like changing the layout of the sports pages, putting in more student quotations, and dedicating a full page spread to the question "What have you learned most from your high school experience?" We felt your answers to this question so honestly summed up our years here at NAHS that we wanted to show everyone's responses.

Lastly, we have many thank you's that are long overdue. To our junior editors, Steph Querzoli, Alex Hamill and Meganne Chiasson, you girls were awesome and always did what we needed. Best of luck creating your book for your class next year! To Mrs. Wolf, our advisor, you were incredible and don't get the recognition you deserve for all the time you committed to helping us. Thanks for letting a few of us become your aides during our free periods and go down to the yearbook room to work on pages. Also, thank you for always supporting us no matter what, for dealing with us when we forgot the yearbook room keys, when we couldn't make the Monday meetings, became overstressed and wanted to quit yearbook, needed more time to work on pages, got in fights with each other, or didn't raise enough money for our dwindling yearbook fund. The list could go on forever! Best of luck with your growing family and new home! We'll miss you a lot next year. Also, thank you to all the janitors who kept our room clean, opened the door for us when we got locked out and said a friendly hello when they found us working in the yearbook room long after school had ended. Thanks to Mark Lawrence photographers for capturing this year at North Andover High School through photographs. From sporting events, to everyday life at the high school, they really caught it all. Finally, thanks to Tom Keeley, our yearbook representative, who always lent a helping hand and motivated us to continue this book.

To the class of 2005, best of luck in all your future endeavors. We've been through a lot together as a class, like being in two completely different high school buildings in our four years! Now that we'll all be going our separate ways, this book is something that will bind all of us together forever. Whenever you miss your years spent at North Andover High School, this yearbook will always be on your shelf waiting for you!

The Boys' Basketball team achieved a 10-11 record for their 2005 season. Captains were Jim Dodge and Jim Connolly. Multiple injuries, including those of Jim Connolly and David Teichman, caused these key players to miss several games. However, Teichman and Connolly, along with three other talented seniors, Jim Dodge, Dan Ok and Jeff Todd all had great seasons. The team also had a deep bench, which helped them to win several close games. Their final game was in the first round of states, where the team lost a tough 67-53 game to Lynn Classical. Prospects for next year include Scott Driscoll and Mike Uttley.

RETIRING

"Jane has always gone out of her way to make me feel 'included' since I came to NAHS from NAMS. She always thinks of what is best for the students — not herself."

— Mrs. Jan Micklo

"I was proud to work as Jack's assistant coach of the girls varsity basketball team. I'm also glad to be his colleague and friend. I wish him well in his most deserved retirement."

— Mr. Raymond Grady

"He [Robert Welch] was my English teacher my senior year and my track coach for four years. He was the most organized person I have ever ment. He had every track practice planned to the last detail and was the same way in the classroom."

— Mr. Rick Dellechiaie

"An understanding heart is everything in a teacher, and cannot be esteemed highly enough. One looks back with appreciation to the brilliant techers, but with gratitude to those who touched our human feeling. The curriculum is so much neccessary raw material, but warmth is the vital element for the growing plant and the soul of the child."

— Carl Jung

Mr. Jack Stephenson

In 1966, Jack Stephenson was voted "Most Popular" and "Done Most for NAHS" by his high school classmates. The same could be said about him in 2005. He has served as the athletic director of North Andover High School for twelve years, is at every athletic event and has become the face of NAHS.

In high school he ran cross country, played football and basketball, and was captain of the baseball team for the Scarlet Knights. He continued baseball in college and graduated from the University of New Hampshire in 1971 and received his M. Ed. from Cambridge College in 1995. He then went on to have a successful professional career.

Among many things, Mr. Stephenson is a talented coach and mentor. He began his coaching career in 1970 at Phillips Exeter Academy where he coached baseball. He subsequently coached the Billerica High School boys' swimming team from 1977-1984, girls' swimming from 1980-1983, boys' tennis from 1982-1984 and softball in 1980. In 1984 he moved on to North Andover High School where he coached girls' basketball from 1984-1993, and boys' tennis from 1989-1993. At Merrimack College, Jack coached men's tennis from 1985-1988, women's tennis in 1986 and men's golf from 1989-1992. Mr. Stephenson has received the John E. Young Award, MVC Coach of the Year Award, Lowell Sun Coach of the Year Award, and the CAL Eliot Roundy Distinguish Service Award.

Mr. Stephenson has shown leadership in many MIAA sports as well. He has served as the MIAA Ski Committee Chair since 1993 and as Tennis Chair since 1994. He is also a member of the MIAA Golf Committee. He has made significant contributions to the MIAA by providing excellent facilities at North Andover for tournament events in boys' and girls' soccer, field hockey, volleyball, basketball, wrestling and lacrosse. For seven years he was co-host of the Cable TV show "Sports and Things." He was a founding member of NACARB (North Andover Coalition Advocating Responsible Behavior), and has served on the Fields Committee of North Andover since 1993.

Mr. Stephenson was a student athlete at NAHS as were his two children, Lori and John. This love for the Knights has never faltered in his twelve years as Athletic Director. He has been instrumental in the design and completion of our new state-of-the-art facility. Always with an open door, Jack is supportive of parents, coaches and most importantly, his athletes. He is a great asset and will be missed. We wish him well in retirement and know that if we are looking for him, he'll be on the 18th hole!

T E A C H E R S

Mrs. Jane Potsaid

"Jane Potsaid has been a quiet, persistent source of power in the North Andover Public Schools for 31 years. Her approach in her teaching and in her relationships with colleagues has always been one of sincerity, honesty, and kindness. But, the wellspring of power goes deeper. Jane has the rare commodity of wisdom.

Jane has found ways to help students find success academically and socially. Jane is unfailingly optimistic, and unflinchingly fair. Her modesty belies her power and success in teaching. She has studied educational philosophies with enthusiasm and with intellectual curiosity her entire tenure as a teacher. Most importantly, she has integrated theory with practical common sense. She has applied common sense with wisdom.

In the hey day of professional development in the early 90s, she was part of an educational reform group dubbed, "The Magicians." They worked to bring change to classrooms. Jane has worked her magic to transform students to reach their level of success. When asked how she has been so successful in helping students, Jane said simply, yet profoundly, 'Give kids confidence in themselves and the rest is easy.' What will not be easy is losing Jane Potsaid to a much deserved retirement. All the best, Jane!"

-Mrs. Maloney-Brown

Jane Potsaid has taught in NA for her whole career, with time off for the births of each of her children, Ben, Jill, and Tim. Her husband Mike is also an educator. She began her career as a reading specialist at the elementary level, then became certified in Special Needs. She was always interested in learning more about education and felt very strongly about reforming education so that it would be more responsive to the individual student needs. In the late 80s, Jane was finishing a Masters program in "Critical and Creative Thinking" and became interested in teaching older students, so she moved over to the high school. In the early 90s, she switched over from Regular Ed to Special Ed in order to save a Reading slot for another teacher. Some of her interests include bridge, going to the Merrimack Rep. Theatre and spending time at her family's cottage pond in Townsend, MA.

Best of luck in retirement!

Mr. Robert Welch

Mr. Robert Welch has been a valuable member of the English Department faculty at North Andover High School for many years. He went to Central Catholic High School and graduated from Holy Cross College, where he was a runner. He started teaching at North Andover Middle School and soon after joined the staff at the high school. Mr. Welch is regarded as a consummate professional by any teacher who knows him. His students love him. They recognize that he is in total control and has every minute of each class planned with some kind of activity. He has been involved in athletics his entire professional life. Mr. Welch coached track from 1977 to 1984 and cross country from 1985 to 1997. His 1995 Cross Country team were the Co-Cape Ann League Champions. He has also been a Mass State Track Official (starter). Over the years many people who know him have uttered the same phrase whether they were referring to his classroom management or the respect that the students have for him, "Welchy is the best."

A Season to Remember

*The regular season was magical,
the postseason stunning,
and the parade emotional.*

"Swing and a ground ball, stabbed by Foulke. He has it. He underhands to first. And the Boston Red Sox are the World Champions. For the first time in 86 years, the Red Sox have won baseball's world championship.

Can you believe it?'

It's Up To You

This life is the only one you're given. Look for opportunities to grow; and never be discouraged in your efforts to do so. Replace your weaknesses with positives; take life's broken pieces and re-create your dreams.

Never measure the future by the past; let yesterday become a memory and tomorrow a promise.

Begin each day by focusing on all that is good, and you'll be in a position to handle whatever comes along.

Take responsibility for your actions; never make excuses for not being the best you can be.

If you should slip, be comforted by the thought that we all do at times.

Determine your tomorrow by the choices you make today, and you'll find yourself living in joy and triumph.

Bridget O'Neill

"May the good Lord be with you down every road
you roam, And may sunshine and happiness sur-
round you when you're far from home. May you
grow to be proud, dignified, and true, And do unto
others as you'd have done to you. Be courageous
and be brave, And in my heart you'll always stay
Forever young (Forever young) Forever young
(Forever young)" -Rod Stewart

Bridgie,

We love you always and forever...

Justin Robertson

Justin,

Much like Dad was left on a crowded train out of
Boston with his hands pressed against the glass and
his mouth agape, you now leave your high school
days behind you. It's time to board the next empty
train ready to be filled with your adventures,
laughs, struggles, and successes... Destination: Your
Future.

We are so proud of you and all you have
accomplished. We wish you much happiness and
success in all that you do. Congratulations!

Love,

Mom, Dad, Heather and Ryan

Peter Salemi

Most importantly, you've done it on your
own. Well done!

Ryan Ford

Ryan,
Like Caesar, you came, you saw, you conquered.
The hazards you overcame, you hardly know,
for you stepped back to survey them,
you planned your approach, envisioning success,
you addressed the challenge with
your feet planted firmly,
and with confidence you swang
through the challenge to achieve your goal.
And we are more proud than words can say.

Love,
Dad, Mom and Aedan
